

**NCAA ELIGIBILITY CENTER
ELIGIBILITY WEBSITE
SERVICE PROVIDED BY DBHS &
www.corecoursegpa.com**

Purpose:

An additional resource of information for DBHS students and parents on their potential NCAA Division I and II Eligibility status for their first year at an NCAA Division I or II university.

Website:

www.corecoursegpa.com This website is not generated by DBHS. It is simply a service we have purchased and have made available to our students and parents. Our goal as always is to provide as much information as possible to our students and parents on the NCAA Eligibility Center and the standards our students must meet in order to compete at the NCAA Division I or II level in their first year at the university after high school graduation.

How It Works:

Go to the website www.corecoursegpa.com and create an account. In order to create an account you will need the School ID and School Code for DBHS.

DBHS School ID: 050748

DBHS School Code: 727390906

Upon creating an account, the website will load the Approved Core Courses for DBHS into the student's account. At this point, follow your high school academic transcript and input the "CORRECT" course titles and grades the student has taken and earned. The program will give your student an Initial-Eligibility Status Report on his current eligibility status.

Who Can Use This Website?:

Any DBHS student interested in continuing their athletic competition after high school at an NCAA Division I or II university. Students can open an account anytime after they start high school 9-12th grade. The earlier the better to assist with your planning of courses to take during high school.

Benefits of Using this Website:

- Early feedback for our students on the NCAA ELIGIBILITY RULES for NCAA Division I and II level athletic programs.

 - Recruiting Rules
