

Team – 1976 Cross Country Team

The 1976 cross country team was one of Coach De Cola's favorites, not because they were successful, but because they were willing to put in the effort to achieve that success.

That year they won the league meet along with the Sectional and District meets. They placed 10th at the State meet in Columbus. The team was the first at Western Reserve to earn a spot in a State Tournament in any sport.

There was a cross country team in 1969 but not enough interest to continue the sport. This group of seniors began basically from scratch as freshmen and met virtually all their goals by the time they were done.

Team Members are:

Doug Berletich, Ken Eldridge, Dale Holcomb, Tom Porter, Bill Cook, Mike Trimble, Sam Harmon
