DESCRIPTION

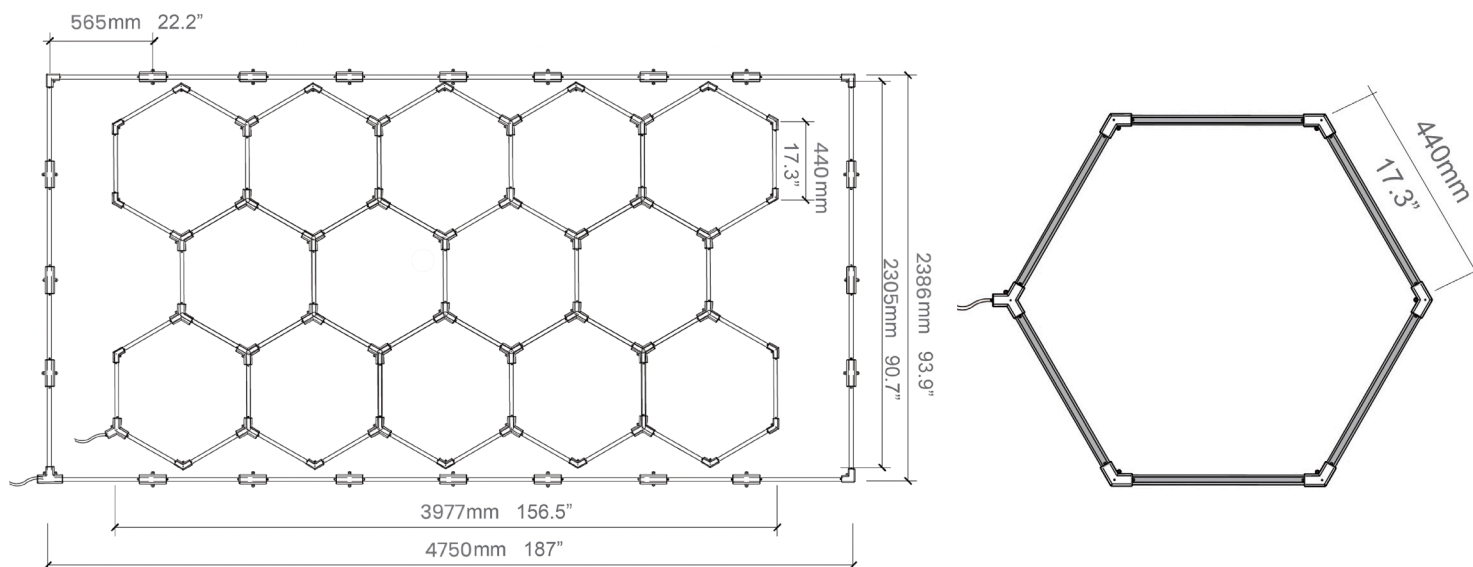

The multi-functional RGB hexagonal lights are perfect for a variety of spaces, including auto repair shops, beauty centers, car washes, studios, gyms, showrooms, game rooms, barbershops, and supermarkets. Their versatility makes them an ideal lighting solution for different environments.

With easy installation options, these lights can be mounted on walls or suspended from ceilings, making setup quick and effortless. Their modular design allows for a customized layout, enabling users to adjust the hexagonal patterns to suit their space's requirements for a dynamic and unique visual effect.

Utilizing energy-efficient LED technology, these lights provide bright illumination while reducing power consumption. Custom sizing options are available to meet specific needs.

Note: Available in Kelvin options of 3000K, 4000K, 5000K, 6500K, or RGB for a personalized lighting experience.

DIMENSIONS
