DESCRIPTION

The Orion rounded track rail features a modernist design with a sleek, minimalist appearance. Its modular functionality allows for versatile light distribution and easy installation. The Neon Track system supports both suspension and surface mounting options, and the track can be equipped with neon strips or tubes. It also offers various linear lighting modules, including Diffuser, Prismatic, Grating, Asymmetric, spotlight, and pendant light modules. These modules can be freely combined to suit different settings, with the track powered by a 48VDC power supply.
