

## How do I view course from the student view?

Brightspace allows instructors to view courses from the student view. This is helpful to ensure the course is set up in the appropriate manner and to determine that all content is accessible for them. Here is how you can view your course from the student view:

1. Click on your name on the top, right corner of the screen. Then click View as Student.

2. To exit this view, click on your name again in the top, right corner and select the "X" to exit student view.
