The Office of Immersion Resources will advise undergraduates as they draft Immersion plans, inform students about Immersion opportunities, sponsor events for students presenting Immersion projects, and record completion of non-credit Immersion experiences. Led by a faculty director, this office will coordinate across the university and provide assistance designed to meet each individual school/college’s respective Immersion requirements.

Summer Research Program (VUSRP)
Trans-Institutional Programs (TIPs)
Design as an Immersive Vanderbilt Experience (DIVE)

Student peer advisors are students who have already completed all or most of their Immersion experience and are available to support the advising process. Peer advisors will answer questions and be a resource for students in planning their immersive experience.

Each undergraduate school/college will have faculty members who serve as points of contact for students interested in Immersion. Graduate and professional schools will also have Immersion partners. Faculty will serve in this role in accordance with their respective school/college Immersion processes.

The Office of the University Registrar will play a critical role in ensuring that Immersion experiences are reflected on the student transcripts. The Office of Immersion Resources will work with the URO to ensure Immersion is integrated into the online degree audit in YES.

This standing committee will serve as a link between individual schools & the Office of Immersion Resources to communicate programmatic and resources needs.

Immersion Database
Students, faculty and staff will have access to a centralized Immersion database. This resource catalogs previous Immersion experiences, school-based partners, and campus resources. The data will be searchable by a variety of criteria and the Office of Immersion Resources will be responsible for database maintenance.

A NETWORK OF CAMPUS RESOURCES AND PARTNERS
