Vanderbilt Programs for Talented Youth partners with Vanderbilt's Student Access Services. Together we can facilitate the submission and processing and determination of your request for a reasonable accommodation.

Reasonable accommodations, consistent with the requirements of the Americans with Disabilities Act may be requested to support participation of children with disabilities at WAVU. Reasonable accommodations are often possible for children with disabilities who wish to participate, so long as the accommodations do not fundamentally alter the nature of the program, cause undue hardship or otherwise cause a direct threat to the health or safety of others.

Reasonable accommodation determinations are made on a case-by-case basis and such requests should be made or as soon as possible after acceptance into WAVU to allow sufficient time for consideration and implementation. It can take up to a month for determinations to be made. Delaying the submission of a request for reasonable accommodation may reduce or limit WAVU’s ability to implement the accommodation.
