Section 1

Revised Fall 2018
This Council strictly prohibits hazing. Any failures to comply with this policy will result in disciplinary action. Disciplinary measures shall follow the protocol outlined in the IFC Chapter Accountability Process.

Section 2
State law requires each college and University in Tennessee to adopt a policy prohibiting hazing. Hazing is defined in the law as “any intentional or reckless act in Tennessee on or off the property of any [college or university] by one (1) student acting alone or with others which is directed against any other student, that endangers the mental or physical health or safety of that student, or which induces or coerces a student to endanger his or her mental or physical health or safety. Hazing does not include customary athletic events or similar contests or competitions, and is limited to those actions taken and situations created in connection with initiation into or affiliation with any organization.

While including the statutory limitations of hazing above (i.e., student acts directed at students on or off campus), the University expands its definition of hazing to include any act that may produce, or is intended to produce, mental or physical discomfort, embarrassment, harassment, or ridicule; or any acts that are humiliating, intimidating, or demeaning, or that endanger the health and safety of another person. Such acts include – but are not limited to – paddling in any form, inducement of excessive fatigue, required exercise inconsistent with the mission of the organization, or physical or psychological shocks; personal servitude; implementing or participation in treasure hunts, scavenger hunts, or road trips that are not pre-approved by the appropriate University department; publicly wearing apparel which is conspicuous and not normally in good taste; engaging in public stunts, morally degrading or humiliating games and activities; forced or coerced consumption, drinking games, or other organized activities, late work sessions and other obligations which interfere with scholastic purposes of the organization; and any other activity inconsistent with the purposes of the organization’s constitution, bylaws, standing rules and policies, or University policy. Students are subject to federal, state and local laws, and policies and regulations of the University.

Section 3
This policy applies to all New Member, active, and alumni members of the fraternity.

Section 4
The IFC Executive Council reserves the right to conduct hazing rounds to ensure that University and IFC policy is being followed.

ARTICLE VIII
FRATERNITY HOUSING

Section 1
IFC member fraternities will follow Vanderbilt University policies with regards to housing and build parties.

Section 2
In order to maintain a certain degree of cleanliness of the fraternity houses, all organizations will be required to keep their Houses in respectable condition at all times. This includes, but is not limited to, placing all trash in receptacles at the end of the night, both inside and outside the house. For any fraternity tailgate events and day parties held at the fraternity house, fences must be taken down, stages put away, and all trash must be picked up and removed both inside and outside of the house no later than 12 p.m. Sunday after the event ends. This will be monitored by VUPD.

Revised Fall 2018
and reported to the Greek Life Graduate Student Housing Coordinator and the IFC VP of Housing. For all other events held at the fraternity houses, all trash must be picked up and removed immediately following the party. This will be monitored by some combination of the Greek Life Graduate Student Housing Coordinator and the IFC VP of Housing.

Each Friday morning, the Area Maintenance Supervisor, Greek Advisor, Greek Life Graduate Student Housing Coordinator, and/or IFC VP of Housing tour the Houses. If a fraternity does not maintain a level of cleanliness, the IFC VP of Housing officer reserves the right to levy a fine on the fraternity.

Section 3
In the planning and setting-up of a ‘build’ party, a Fraternity must adhere to the Build Party Guidelines (see Article XIII, Section 6) published by the IFC VP of Housing in conjunction with the Metro Fire Marshall. These policies dictate what decorations or arrangements can be included at a party, allowing for the highest degree of safety in the event of an emergency.

Should an organization break any of the rules in the policy, those decorations or arrangements will be promptly removed and/or a fine may be levied against the Fraternity. If the problems are of a serious nature, the party may be jeopardized.

Section 4
Each housed IFC member fraternity will assign a House Manager who will live in the facility for the entire academic year and contribute to the welfare of the chapter by assisting with move-in and move-out processes, facilitation of the emergency preparedness procedures for their chapter facility, and the provision of education, training, and mentoring to their residents and chapter members. The House Manager Program will enhance the Greek Facility Management Program as further outlined in Article XIII, Section 5.

Section 5
IFC members living in their fraternity’s chapter house must meet the following qualifications: The basic requirements for living in a chapter house are as follows:

i. Must be a junior or senior

ii. Must be an officer in the chapter

iii. Must have at least a 2.5 GPA

iv. Must not be on any disciplinary probation with the school

v. Must live in the chapter facility for the entire 2017-2018 academic year

vi. The only circumstances that will allow for chapter members to move out of the facility are if they are moving into an on-campus residence hall and switching places with another Junior/Senior officer in the chapter, or if they are switching places with someone who is coming back from being abroad.

ARTICLE IX

EXPANSION POLICY

The Vanderbilt Interfraternity Council considers the potential demise and reorganization of existing chapters or any interest in establishing a new fraternity to be normal events in

Revised Fall 2018
the continuing evolution of a fraternity system. Such events do not happen frequently or regularly; nevertheless, their management is critical to the overall stability and constructive development of the system.

Proposals for the establishment of additional fraternities and sororities may be made to, or initiated by, members of the Intercultural Greek, Interfraternity, National Pan-Hellenic, or Panhellenic Councils. If approved by the appropriate council, the proposal will be forwarded to the Greek Advisers for consideration. Upon the recommendations of the councils, the Greek Advisers, and the Dean of Students or the dean’s designee, the University may invite a national organization to extend a new fraternity or sorority.

ARTICLE X

THE GREEK MEMBER EXPERIENCE

Section 1
While maintaining the autonomy to self-govern the affairs of the council, the IFC recognizes the need for an established set of standards for all Greek members. To this end, the IFC acts as a partner with IGC, NPHC, Panhellenic, the Office of Greek Life, and the University to promote and advocate the Greek Member Experience program. This partnership will allow the member fraternities to explicitly demonstrate to faculty, staff, prospective members, alumni, and parents what it means to be a member of a fraternity. The high expectations for engagement and personal development included in the Greek Member Experience focus on the individual member in addition to the health of the chapter as a whole. The Interfraternity Council and its officers will support member fraternities and chapter members in their efforts to complete the Greek Member Experience by working directly with chapter officers throughout the year.

Section 2
Minimum Chapter Expectations of the Greek Member Experience will be upheld by the IFC. Member fraternities will ensure that 80% of chapter members complete the required credits in all 6 tracks and all other minimum expectations outlined in Article XIII, Section 7. Additionally, the IFC will encourage and support Chapter Sponsored Programs and community service events, in order for members to meet the required 15 community service hours per year. The IFC further commits to enriching the fraternity experience by participating fully in all other aspects of the Greek Member Experience as outlined in Article XIII, Section 7.

ARTICLE XI

NEW MEMBER EDUCATION

Section I
Chapters must abide by all General New Member Education Guidelines as outlined in the Interfraternity Council New Member Education Packet (See Article XIII, Section 8).

Section II
New member education shall not be more than six weeks, and must be completed (including initiation) no more than 6 weeks from that Bid Night.

Revised Fall 2018
Section III
The IFC Vice President of Member Development shall serve as the Chair of the NMAC (New Member Advocates Committee), which will be comprised of New Member Advocates from each chapter.

Section IV
Each chapter will have two to three brothers serve as New Member Advocates, one of whom will be their Greek Ally and the other one to two of whom will be volunteers dedicated to being a supportive resource and ensuring the New Member Education process is healthy and constructive for New Members.

Section V
New Member Advocates will be selected at least two weeks before IFC Bid Night in the fall semester and before winter break for the spring semester.

Section VI
New Member Advocates will be expected to meet with the new members at least weekly in order to ensure the process is running smoothly. This should be included in the New Member Educator’s weekly template and will be reviewed by the IFC Vice President of Member Development each Sunday during new member education.

Section VII
Each new member class will elect an IFC New Member Class Representative. This representative will attend weekly meetings with the IFC Vice President of Member Development and will be responsible for collaborating with the other IFC New Member Class Representatives in the design and planning of the community-wide philanthropy event.
