PLANNING NOTICE OF INTENT (PNOI) FOR
NEW DEGREE PROGRAMS, NEW MAJORS and MINORS, NEW PROGRAM TRACKS
and CONCENTRATIONS IN DEGREES, and NEW CERTIFICATE PROGRAMS

The Planning Notice of Intent (PNOI) is a brief document that articulates in no more than 2-3 pages an academic unit’s intent to develop a new degree program, a new major or minor, a new track or concentration in an existing degree program, or a new certificate program. It should include a cover sheet (attached below) and address the following areas:

Program Description and Rationale:

- State the proposed degree, track, or certificate title;
- Provide an overview of the proposed degree, track, or certificate program and its goals;
- Describe the unique aspects that differentiate the program from others within the institution, the region, and nationally;
- Identify the administrative location and the academic staffing model (e.g. current or new faculty, lecturers, adjuncts);
- Identify if courses offered in other schools/colleges will be part of the proposed required curriculum;
- Describe how the program supports the unique role and mission of the institution, including the institution and school/college strategic plans.

Demand for the Program:

- Briefly describe the local, regional, and national demand for the program, including the demographics of the potential applicant pool and available data that demonstrate student and/or employer demand.

Preliminary Budget:

- Briefly describe the required resources and funding sources, including an estimate of new funding required for the program or new revenue generation, the need for a financial aid model, etc. A comprehensive presentation of the budget will be required in the full proposal.

The PNOI will be submitted to the Provost Office and then will be distributed for a 10-day comment period to deans of all the schools/colleges (or their designee). At the request of any dean, any comments received may also be gathered for discussion at a monthly Council of Academic Deans meeting. The comments will also be made available for the Dean of the proposed school/college offering for the program planner to address as the full program proposal is developed. Please note that proposals for programs offered through the Graduate School must include the approval of the Dean of the Graduate School.

After the 10-day comment period for stakeholders, and no call for meeting discussion, the Provost (or Provost designee) and Dean will notify the program planner that development of the full proposal may proceed. The full proposal review process proceeds by mechanisms articulated by the Faculty Senate and/or Graduate School.
