Center Services Available to Students Throughout the Summer

Students have access to a number of services and resources from the Career Center, regardless of where and how they spend their summer break. Our professional coaches are available during the summer via phone, Skype and email to help students develop job search strategies, prepare for interviews and negotiate offers.

Students can:

- **Search for jobs and internships** using DoreWays, the Center's online resource for opportunities, and UCAN, a comprehensive internship database with opportunities across the country and around the globe.
- **Build or expand their professional network** by making connections with other VU alumni using VUconnect and LinkedIn. Additionally, students are encouraged to take part in Alumni Chapter events across the country where they can create valuable professional relationships and seek career advice from fellow Commodores.
- **Access these resources from anywhere in the world** by connecting with the Center online or by calling (615) 322-2750 to schedule a one-on-one
