

MESSENGER SERIES

The Messenger cases are handcrafted solid oak bulletin board display centers that provide a stylish way to keep posted material clean, visible, and protected. The short 2" depth of the case makes it possible to place in busy areas such as lobbies, hallways, classrooms and conference rooms without causing an obstruction. These display cases are constructed with a solid oak frame and 5 wood finishes. Messenger is available in three different widths and comes with the option of one, two or three tempered glass door units.
