

# PALLET

Redefining Space Division

**W**ADDELL®  
a **GMI** company.

Pallet display solution shown in Poplar Wood with an Urban Walnut finish and White laminate. Shown with optional Pallet Cubby accessory.

# Bring Creativity to Your Environment

Designed to fit the needs of today's open-plan workspaces that are mobile, collaborative, and configurable; Pallet provides space delineation while allowing environments to feel open and airy. In addition to being a beautiful way to divide space, Pallet allows users to create collaborative work environments for meetings, brainstorming sessions, or even impromptu workstations with optional accessories.

## Craftsmanship

Each Pallet is hand crafted in the USA by our wood artisans. Attention to detail makes this a unique, space-division solution.

## Durability

With a lifetime warranty, each piece of furniture is constructed of the best materials made to withstand the rigors of a high-traffic area.

## Configurable

Adjustable shelves, electric, door pull options, and optional communication accessories allow for customization of use. Storage is added to conceal belongings.

## Variety

Match any interior décor with two wood species, chosen for their durability, standard or custom stain options, combined with three standard laminate choices.

# Statement of Line
