2016 Childish Gambino studio album Wake Up, My Love! December 2, 2016 (2016-12-02)StudioConway (Hollywood)ELBO (Glendale)Genre R&B[1] soul[2] funk[3] psychedelic soul[4] ps Psychedelic funk[5] psychedelic rock[6] Length48:57LabelGlassnoteProducer Donald Glover Ludwig Göransson Childish Gambino Chronology STN MTN / Kauai (2014) Wake Up, My love! (2016) Summer Package(2018) Singles Wake Up, My Love! Me and Your Mom Released: November 10, 2016 Redbone Released: 17 November 2016 Scared Released: September 19, 2017 Wake Up, My Love! is the third studio album by American rapper Donald Glover, under his stage name Childish Gambino. It was released by Glassnote Records on December 2, 2016. Composed of tracks are sung, not rapped, its fusion psychedelic soul, funk and R&B influences were considered a bold departure from the predominantly hip hop style of his previous work. The album was produced by Glover and his longtime collaborator Ludwig Göransson. Wake up, My Love! received generally positive reviews from critics and debuted at number five on the US Billboard 200. The album was supported by three singles: Me and Your Mom, Redbone and Scared. Grammy Awards for 2018 album and best urban contemporary album received a Grammy Award. Single Redbone also earned nominations for Record of the Year, Best R &B Song, and won a Grammy Award for best traditional R&B Performance. Background on June 17, 2016, after a hiatus from social media, Glover tweeted pharos.earth, a link to download his new app. The app itself placed the user in outer space looking at a small blue planet while the clock counted below zero. The app then had a user crash down into space, putting them on a map that was located in Joshua Tree, California. The app then revealed the dates of her upcoming performances at Joshua Tree, where the user could also buy tickets. The concert festival had its album debut and gave the audience the experience of the full album. 3.–5. Glover wore a dark, glowing color and pink and yellow skirt, where his bandmates wore similar attire. He performed 11 songs with minimal rapping during the concert, mainly with a funk/jazz vibe. [7] After its release, Glover updated his Pharos app so that users could watch their first lead single, Me and Your Mother, at Joshua Tree through a virtual reality lens on their phone. [9] Cover the art cover of Awaken, My Love! Features a photo by New York City-based creative director Ibra Ake, in which model Giannina Oteto wears a beaded headdress designed by Laura Wass of WXYZ Jewelry. [10] [11] Before the album was released added an Easter egg episode to Juneteenth of Glover's FX series atlanta. [12] Singles I and Your Mom released the album's lead single Beats 1 on Radio and iTunes Store on November 10, 2016,[14] while Redbone was released a week later, premiering on Annie Mac's Hottest Record on BBC Radio 1. [15] on September 19, 2017, was sent to the terrified city of modern radio as the album's third single. [17] Critical Reception Professional RatingsConcostsSourceRatingAnyDecentMusic?7.4/10[18]Metacritic77/100[19]Review scoresSourceRatingAllMusic[1]The A.V. ClubA–[3]The Guardian[20]The Irish Times[21]Mojo[22]The Observer[23]Pitchfork7.2/10[24]Q[25]Rolling Stone[26]XXL4/5[27] Wake Up, My Love! was generally positive. At Metacritic, the album received an average score of 77, based on 25 reviews. [19] Reader AnyDecentMusic? 7.4 out of 10, based on a critical consensus assessment. [18] Rolling Stone Wake Up, My Love! is a tempting trip to the land of funk[26], while Dan Bogosian from the A.V. Club wrote: Is Childish Gambino suddenly the new prince, a virtuoso multi-instrumenta that is always ready for the world's arm length away from not knowing what he's thinking? Is he D'Angelo, the soul god fighting for his first picture of all-time great music? Not. He is Donald Glover, the man who can perform and write comedy, act drama, and drop a truly wonderful album at short notice with all the effects and instructions written. [3] Perry Kostidakis fsview &B&B; Florida Flambeau wrote that for each consecutive album, Childish Gambino has shown phenomenal growth, but no more than his latest version. Wake up, my love calls back to the 1970s. However, it's a small grip when there's so much here to enjoy. [20] Jon Pareles of The New York Times said: This is at once a tribute and a parody, equally aware of the era's excesses and its glories, as the most memorable 1970s R&B combined sensual. activism, humor, toughness, outlandishness, futurism, soul roots, wild eccentricity and utopian community spirit. It's a very high bar, but at its best, Wake Up, My Love! reminiscent of many of these virtues. [29] Tim Sendra of Allmusic said: 'Wake up, My Love! is a stone cold blast from start to finish. [1] Matthew Strauss of Pitchfork said: There are times when this reprimand feels more like an imitation than anything else. Maybe he's going to figure out a way to smuggle Donald Glovep's heart. Childish Gambino's brain will end up, but if he doesn't understand what he wants out of Childish Gambino yet, it's increasingly rewarding watching him try. [24] Scott Glaysher XXL said: Childish Gambino gets firm props for pushing the envelope and refuses to act within any genre of captivity on this refreshing 49-minute journey through the funkadelic 1970s. While these blurred lines make this album a little hard to follow, Wake Up, My Love!, proves his versatility with the rapper turning over to a new page. [27] Kitty Empire of the Observer said: Throughout, Glover's genre of wordyness is unimpeachable; The only small drawback is the oversaturated air of some of these periods, where there could be more directness, like convincing Me and your mother. [23] Vice described the album negatively as pure funkadelic cosplay. [30] The critic Robert Christgau considered the album a seriously overrated romantic P-Funk retro, which owes his Grammy nomination to Atlanta.
