MEDICAL EXAMINATION EXTRACT:	
<p>The third-party exosuit software appears to have interfaced directly with our network; the engineering team is reporting unexpected download activity from headset software. As requested, Closer physical inspection has been undertaken by medical staff, revealing that the patient is receiving direct bone-conducted verbal feedback of this downloaded data.</p> <p>Recommendation: Continue to monitor network activity, but no immediate action required. No sensitive information appears to have been accessed.</p>	

SCREENING FOR POTENTIAL FOR HARM TO SELF OR OTHERS
Note : Patient answers were extremely brief and did not leave any opportunity to engage in further discussion.
Have you ever hurt someone?
I've never laid a hand on anyone.
Have you ever thought of killing someone?
Yes. Often.
Have you ever lied?
Sometimes.
On a daily basis?
Everything I did, I did for self preservation.
