Type in “Fat Loss”

These website are using good adwords to show ads. And you can see the amount of traffic these websites are getting. 500,000 is a ridiculous amount of traffic these sites are getting.

Step 2

Now I want to show you how to use these website and legally steal their traffic without using Google adwords.

Once you understand this part you do this for any niche you want. We will stick with the Fat Loss niche, and will find CPA offers that work with that niche.

Now that you have the websites picked out from the Google Adwords tool in step 1. You want to get started with PPV networks.

Millions of people each day will download a very small piece of code to their computer, usually to get a free gift in return. That code will then be able to pop up banners on the users computers.

Yes its those annoying ads that popup when we least expect them.

PPV networks control a huge amount traffic on top of the website we chose before.

The traffic you can pick up from PPV networks is usually between 1 - 2 cents, \$.001. So cheap and there is a massive amount of it.

1 Cent Highly Targeted Traffic is the best and only traffic you should be spending your money on.

All the marketing pros use PPV traffic, yet so many others just don't understand how to get this traffic work.

Let's jump into networks.

Traffic Vance

Trafficvance.com is the best of the best when it comes to PPV networks. They have the best traffic but also require a little work to get started with them. This networks requires a \$1,000 deposit

and a referral to get in. If this is the network you want to go with, just ask your affiliate manager inside your CPA networks to give you the referral. Let your affiliate manager know you are serious about driving a ton of traffic to your offers with trafficvance. If you follow this plan you will have no problem getting accepted.

Lead Impact

Leadimpact.com has been my traffic source for years. They have good traffic and compete very well with trafficvance. You will be required to drop \$1,000 deposits inside of Leadimpact, but there is no referral requirement.

DirectCPV

Directcpv.com is another PPV network but the traffic is not as good. Its a low entry of \$100, but I feel you get what you pay for here. The entry of \$100 will go toward your advertising costs.

Step 3

For this example I will be using Leadimpact and Pure asian garcinia from Peerfly.

Pure Asian Garcinia - Free Trial (US, CA, UK, AU, NZ) (16500)

Inside of lead impact we will create a new campaign with a \$10 budget. \$10 will give you 10,000 views of your ad

Before we move on we need to get the link from [peerfly](#) and set the link inside of [clickmagick](#).

Take this code and enter it into your leadimpact campaign. Make sure to add this to the end of your tracking code %KEYWORD%

Keyword Pass-Through ☐

Keyword Pass-Through is a form of keyword tracking. You must have the ability to track your site through Web logs or other third-party tracking system. When enabled, the parameter that is appended to the end of your landing page URL is ?keyword=KEYWORD, where KEYWORD is the keyword or URL that launched your ad. Please DO NOT add this parameter because it is automatically appended and be sure that this parameter does not prevent your URL from loading properly.

[Next Step >>](#)

What I am about to show you know is the real money when it comes to CPA and PPV networks. This is the part you get to advertise on a 500,000 unique visited site for \$.001.

Our google adwords tool gave us the urls of the most popular sites that advertise with google ads on them. The adwords sites are the best because people are used to seeing ads.

But guess what? You get to pop up your add on top of that popular website.

So instead of picking keywords we are going to enter in urls inside your leadimpact campaign. When someone visits that url your ad will appear. This is the most targeted traffic you will ever find.

I hope that you can start to see the possibilities here. Show me another advertising platform that you can get 1 cent traffic on a 500,000 per month website?

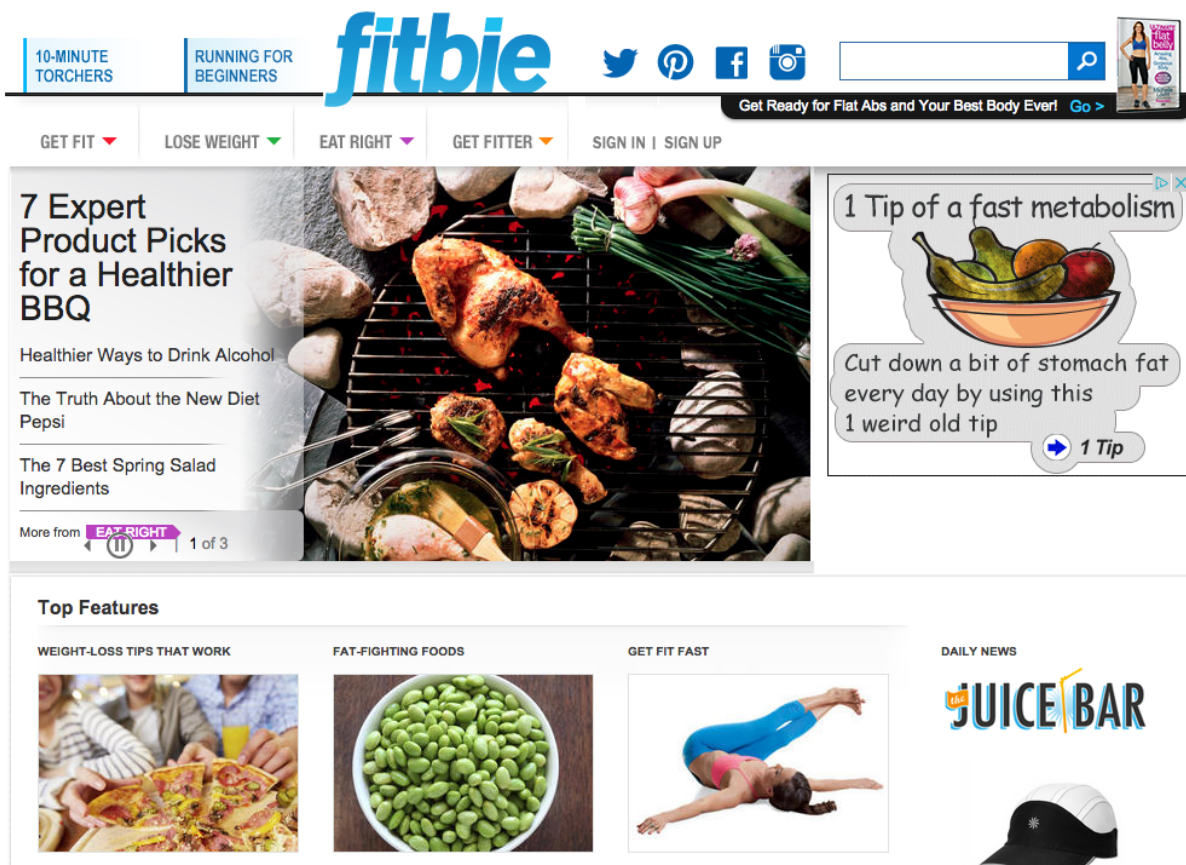

You Cant!! But with this system I am showing you, You Can!!

This the Most Targeted traffic you will ever find for your niche. Since we are promoting health and weightloss offers this traffic technique is killer.

If you are looking to bank \$20,000 checks from your CPA network, this is one of your best options.

You can target just about any website you want. The max is 1,000 in leadimpact, but you will only need 10 to make the big money. Just work with the sites with the most traffic. And pop your add on top of the site.

Let's look at fitbie.com, this site gets 500,000 hits per week.

As an example let's just say that you get 3% of the traffic that pops up your ad.

3% of 500 000 =

15000

Rad x! () % AC

That would be 15,000 super targeted traffic to your offer. And remember that you have NO competition because no one is using this secret tool that I showed you.

Now lets just say you get at worst 1% click through rate to your offer. 150 click to your offer and you make at worst 1 sale. Every 150 click you make 1 sale.

1% of 15 000 =

150

Rad x! () % AC

Pure Asian Garcinia - Free Trial (US, CA, UK, AU, NZ) (16

View Landing Page	Payout
Q Pure Asian Garcinia - Free Trial (US, CA, UK, AU, NZ)	\$36.00

$$\$36 \times 150 = \$5,400$$

Each view will cost you 0.001

$0.01 \times 15,000 = \$150$

So you invested \$150 and made \$5,400 (\$5,250 profit). No bad for successful campaign.

Its so basic you wonder why no one else is doing it. But they just don't have the tools like you have now.
