Cambridge touchstone placement test pdf

The Cambridge Placement Test is an adaptive online general English test, which tests English reading/use and listening. It can be used to position students at all levels of the Common European Framework of Reference for Languages (CEFR) from Pre-A1 to C2. What is an adaptive test? As the candidate progresses through the test, each element is chosen based on the candidate's response to the previous element. As a result, the test gradually becomes easier or more difficult until a consistent level of ability is reached and the candidate's English level can be identified. How long does it take? A maximum of 30 minutes. When are the results available? The results are reported instantly as an overall score on a scale of 0-100, indicating the level of CEFR from Pre-A1 - C2. Take a look at the demo version of the test: DEMO Order the test from our online store or get in touch with us: info@swiss-exams.ch or 052 209 04 50 How do I know my results? After completing the placement test, you will be contacted by Interactive Focus Academy and you will have said your results and if you also need to do a written and oral test. How long do I have access to the test? Once the test is started, you must complete it without interruption. The test cannot be saved and continued later.
