Currently available at select stores, the new offer is expanding rapidly across Wawa's operating area of six states (PA, NJ, DE, MD, VA and FL) and Washington, D.C., and will be accessible for delivery and curbside service in the coming months.

"We're grateful to our customers who frequent Wawa for breakfast, lunch and grocery items, and are proud to introduce this new platform as another solution for making dinner easily accessible and satisfying for everyone," said Mike Sherlock, Chief Product Marketing Officer, Wawa. "We always strive to listen to our customers, so we've spent time testing menu items in select stores, gathering feedback and perfecting our recipes with the goal of providing a family, group of friends, etc. the ability to select their preferred dinner while still enjoying a meal together."

**About Wawa, Inc.**

Wawa, Inc., a privately held company, began in 1803 as an iron foundry in New Jersey. Toward the end of the 19th Century, owner George Wood took an interest in dairy farming and the family began a small processing plant in Wawa, PA in 1902. The milk business was a huge success, due to its quality, cleanliness and "certified" process. As home delivery of milk declined in the early 1960s, Grahame Wood, George's grandson, opened the first Wawa Food Market in 1964 as an outlet for dairy products. Today, Wawa is your all day, every day stop for freshly prepared foods, beverages, coffee, fuel services and surcharge-free ATMs. Wawa stores are located in Pennsylvania, New Jersey, Delaware, Maryland, Virginia, Florida and Washington, D.C. The stores offer a large fresh foodservice selection, including Wawa brands such as custom prepared hoagies, freshly-brewed coffee, hot breakfast sandwiches, specialty beverages and an assortment of soups, sides and snacks.
