WCC In the College World Series / NCAAs

The WCC has been represented four times at the College World Series since the event began in 1947. Santa Clara was the first league squad to play for the NCAA title in Omaha, as the Broncos rebounded from a loss in their first game to reel off four straight wins and reach the 1962 championship game. Santa Clara, who was led by the CWS Most Outstanding Player in pitcher Bob Garibaldi, played three extra inning contests in the College World Series including a 15-inning loss to Michigan in the title game. Pepperdine made its first College World Series appearance in 1979, finishing in third place by winning three straight games before falling in the semifinals. The WCC enjoyed some of its greatest baseball success in the late 1980's and early 1990's, and LMU began the period with its first College World Series appearance in 1986. Led by several future Major Leaguers, the Lions achieved a No. 1 national ranking on April 22 of that season and went on to represent the WCC at Rosenblatt Stadium. Pepperdine capped off the era with the conference's first-ever national championship in baseball, claiming the College World Series title in 1992. The Waves reeled off four straight victories in Omaha, including a 3-2 triumph over Cal State Fullerton in the championship game.

WCC Championship Series

The WCC Championship Series provided fans with exciting moments that have highlighted the best of West Coast Conference baseball. Throughout its tenure, ___ players that participated in Championship Series events have gone on to reach the Major Leagues, while _____ players have earned the distinction of being selected in the first round of the annual Major League Baseball Draft. In all, __ WCC baseball teams have advanced to the NCAA Tournament since the conference instituted a two-division alignment in 1999. The league returned to a single division format prior to the 2006 season, but retained the Championship Series, pitting the top two teams in the conference standings against one another.
