TALK IT OVER

Talking through the message during the week can really help clarify the things that God is teaching you and let others learn from your experiences. Get with someone this week and talk about your answers to the following questions:

Read 1Peter 3:1-7 out loud in the group and talk about what stands out to you.

What idea from the message helped you the most?

What was the most challenging part in the message for you?

What does it mean for you to be "self-giving" in your marriage?

Read 1Peter 3:12. How does it affect you to know that you have God's attention in this way?

What questions remain for you about the good life and submission?

What opportunities have you had this week to live out your faith "for the sake of others?"
