TALK IT OVER

Talking through the message during the week can really help clarify the things that God is teaching you and let others learn from your experiences. Get with someone this week and talk about your answers to the following questions:

What thought stands out most from the message?

Who do you identify most with in this parable? Why?

What does it mean to "live intentionally?" Is it possible to be "too intentional?"

In what areas of life are you living intentionally? Describe what that looks like. How do those same things apply to living intentionally for God?

Spend some time this week thinking about how God is growing you and how some of the things you're learning translate to living intentionally. How have your capacities changed in the last five years? How does that change your perspective on what it means to live more intentionally?

What assets do you think God has given you that you can see contributing to His work?

What is God teaching you from the "So Worth It" series?
