Professional Teaching Portfolio Challenge

60 minutes

Presented by Leonie McIlveny

Outline of content presented

The Professional Teaching Portfolio Challenge is designed to support teachers on a step-by-step journey through the daunting task of creating a professional portfolio and collecting evidence to support their claim against the Australian Professional Standards for Teachers.

The webinar addressed the following:

- Identified the three different levels of performance appraisal required by teachers and provided resources to help address each level;
- Identified key components of the Australian Professional Standards for Teachers and provided guidance in understanding what each standard may look like and how evidence can be collected to address that standard; and
- Assisted teachers in the development of a professional portfolio that reflects their growth as an educator.

This webinar explained how the Challenge works and highlighted some useful tools and strategies to make the accreditation process less daunting.

This webinar could be relevant to the following Australian professional standards for teachers:

6.2.2 - Engage in professional learning and improve practice

6.3.2 - Engage with colleagues and improve practice

7.4.2 - Engage with professional teaching networks and broader communities
