ABOUT

ACE Recycling is an environmentally conscious electronic recycling company specializing in securely disposing and repairing electronic waste. Our online store is now OPEN! ACE Recycling is a facility in Tolleson, Arizona, specializing in electronic recycling and repair. Our goal is to offer our community an environmentally responsible way to dispose of electronic equipment that is no longer needed or outdated. Our circular economy model aims to keep as many materials in use or circulation as possible. In this model, repairing and upgrading electronics is the ideal solution, while recycling is the last resort. We have IT professionals on site who can determine if a
