ABOUT

Airstrike Bird Control offers Falconry Services Bird Control Pigeon, Geese, Crow & Grackle Control Services in Washington, Oregon, California, Idaho, Montana, Nevada & Arizona. Airstrike Bird Control, Inc. offers Falconry based bird abatement for agriculture, landfills, resorts and other situations with pest bird problems. At harvest time invading flocks of pest birds can decimate crops, especially grapes, blueberries and cherries. Falconry can scare off those pest birds much more effectively than man made techniques such as shotguns, visual deterrents or noisemakers. Falcons can chase gulls off landfills, coastal resorts and golf courses, more efficiently and quieter t
