

COMPANY PROFILE

alsplastics.com

alsplastics.comABOUT

Al's Plastics, Inc. is an industrial plastic converter that specializes in recycling scrap plastic into resin form. We also buy and sell materials in the secondary plastics market, including plastic regrind, plastic scrap, post-industrial, prime virgin, off-spec, wide spec, and certified plastics, polymers, and resin. We offer both commodity grade and engineering grade resin. Our company is committed to serving the community and protecting the environment.
