

COMPANY PROFILE

American Auto Salvage & Recycling

americanautosalvageandrecycling.com

ABOUT

American Auto Salvage & Recycling Inc. (AASR) has served central Florida since 1996. Since its inception by Kenny and Janet Patterson, AASR has remained a family owned business that has not lost its "mom and pop" atmosphere. All family members have at some point helped to build this unique-to-the-industry establishment. We purchase ferrous and non-ferrous metals and scrap automobiles at competitive prices to our local market. We also serve as a u-pull-it salvage yard to local do-it-yourselfers. We specialize in American classic cars from the the 1930's up to the mid 80's, as well as full size and mid size trucks and SUV's up to 2004. We do not carry late model vehicles. Please contact us with questions about what we buy, classic or truck auto parts, or current market prices. If you are in the area and would like to look at our classics, feel free to come by and sign-in to take a walk through over 150 classic cars. We are proud to say the "lookin, is still free!"
