## A B O U T

Post Construction Clean Up | Anago's cleaning services have long set the standard for what a commercial cleaning company can be. We are a well-respected name in our industry, and provide custom janitorial services for many of the biggest businesses in the greater Cleveland area. Our commercial cleaners are highly motivated cleaning franchisees whose business success is dependent on your satisfaction. The commitment and precision with which they clean is a true outlier in our business, but par for the course at Anago. One of the main reasons for our success is the core of our cleaning services, something we call The Anago Plan. We use the Anago Plan as the foundation of all our cleaning services. Every business has its own unique needs, but our core offerings like communications logs, client support, and customized work schedules are shared across every job. These fundamental principles allow us to provide cleaning services that are both flexible and high-quality. We have worked with auto dealerships, movie theaters, country clubs, schools, daycares, churches and more, and we service facilities ranging from just 1,000 square feet to 200,000 square feet. Our cleaning services aren't about just presentation, they're also about health. You, your employees, and your customers need a sanitary environment too. That's why Anago of Cleveland uses non-toxic products, and is constantly on the lookout for ways to make our cleaning processes safer. We care about the environment too, which is why we use all-natural cleaning solutions and green cleaning techniques to minimize waste. We take great pride in keeping Cleveland businesses clean and healthy for employees and visitors alike. Our Anago cleaning services are the result of years of honing our craft, and we are always pursuing ways to evolve these proven methods and techniques further. We want to be your commercial cleaner, and we think we can amaze you with our cleaning services. Reach out today to learn more about how we can help you.
