ABOUT

Asset Recycling & Recovery is a leading provider of electronic waste recycling and asset recovery services. We specialize in the responsible and secure disposal of electronic equipment, including computers, laptops, smartphones, and other devices. Our team of experts ensures that all data is securely erased and that materials are recycled in an environmentally friendly manner. In addition to recycling, we also offer asset recovery services, helping businesses maximize the value of their used electronics through resale or refurbishment. With our commitment to sustainability and data security, Asset Recycling & Recovery is the trusted choice for businesses looking to dispose of their electronic waste responsibly.
