ABOUT

Locally owned Z-Tech Global Solutions specializes in IT asset management, material recovery, and remarketing of computers and IT equipment. Z-Tech also provides Austin and the surrounding areas with responsible recycling of working and non-working computers and electronics. In addition, Z-Tech offers its customers sensitive data sanitization and hard drive shredding. Z-Tech is well known in the industry for providing its customers with the ultimate customer care. With the variety of services provided, our dedication to our customers and our commitment to the environment, you can be assured that you are a making a good choice with Z-Tech Global Solutions, LLC. Whether you are the owner of a large business or the owner of one computer, we will provide you with the best customer service and create a customized plan to help you recycle your electronic waste. Z-Tech Global Solutions is the new leader in computer and electronics recycling. Z-Tech provides its customers with responsible recycling and remarketing solutions for end of life computers and electronics. We are dedicated to creating customized solutions through our innovative services while at the same time minimizing environmental impact by use of our environmentally safe procedures. We are green to the core and we are passionate about recycling! Z-Tech Global Solutions is a computer and electronics recycler. We provide our clients with customized recycling solutions which include: remarketing of usable equipment, parts harvesting and recovery, sensitive data destruction, and IT asset management. Z-Tech recognizes the importance of environmental stewardship on the global level down to the local level. Z-Tech also recognizes the importance of providing a safe and healthy work environment for its employees, visitors, and work partners. In order to accomplish these objectives, Z-Tech will maintain an environmental, health & safety management system in conformance with the requirements of the ISO 14001 and OHSAS 18001 standards. This system includes implementing appropriate programs and procedures, setting measurable objectives and targets, and monitoring and auditing our progress.Our goal is

to make environment, health, and safety performance an essential focus of our business practices at Z-Tech.
