

COMPANY PROFILE

B.R.I. Recycling

brirecycling.com

ABOUT

B.R.I Recycling is making a difference in West Texas and on the planet. Last year, our two locations recycled over 27 million pounds of waste. That's over 13,000 tons of material that will avoid the landfill and be turned into reusable materials. 13,000 tons that will allow us to conserve our precious natural resources. 13,000 tons that will help save energy and reduce pollution. Last year alone, we processed the following:
