

COMPANY PROFILE

Berkeley County Water and Sanitation - BCWS

bcwsa.comABOUT

Berkeley County Water & Sanitation specializes in potable water distribution, the collection and treatment of waste water, recycling and solid waste disposal. Operating as a self-supporting public utility, BCWS serves over 40,000 water and sewer customers and over 81,000 solid waste customers. With a strong belief in customer service, BCWS continuously seeks to provide safe, reliable water and sanitation services at a competitive, non-profit rate in the spirit of a publicly owned utility. Leading the Lowcountry in green energy innovation, BCWS is aggressively developing a Bio-energy Park to convert selected waste streams into clean, renewable energy.
