

COMPANY PROFILE

Big Prime Hauling

bigprimehauling.com**ABOUT**

Big Prime Hauling is a company that provides a wide range of services in the construction and demolition industry. We work with some of the largest paving companies in the United States, providing crews and equipment for paving projects. Additionally, we service quarries in North and South Carolina, supplying them with aggregate stockpiles. Our experienced drivers are present on major construction sites in the Carolina's on a daily basis. We are equipped with a variety of trucks, including Tri axle, Centipedes, and newer model power units with 53' dry vans. At Big Prime Hauling, we take pride in doing the job right the first time and doing it with class.
