

COMPANY PROFILE

Blac-Frac Tanks

blac-frac.com**A B O U T**

Blac Frac Tanks, Inc. Was established in 1994 as a service company for oilfield activities with only a few tanks and trucks. Over the years our products and services continually evolve to meet the growing needs of our customers. We now have over 300 various tanks, a vehicle fleet of more than 50, numerous products and services and our own fabrication department. We are known for our ability to design and fabricate specialized equipment and diversify our services in order to overcome challenges in the ever changing industry. We have over 100 years of combined experience in several oil & gas service areas such as completions, work-overs, plug & abandon, water treatment to include KCL, NACL and Biocides, foam unit operations and flow testing. Our team is constantly striving to develop environmentally friendly support services and equipment to help with efficiencies while maintaining compliance.
