

COMPANY PROFILE

Bostley Sanitary Service Inc. - Septic System Services

bostleysanitary.comABOUT

Bostley Sanitary Service Inc. provides a wide range of septic system services, including septic system installation, portable toilets, industrial waste hauling, excavations, and sewer lines. They offer same day services and year round services to ensure convenient and reliable sanitation for homes and businesses. They also provide high quality sanitation system installation, maintenance, and repair services. Additionally, they offer flexible rentals of portable toilets for large construction projects, weddings, parties, or any other event. Bostley Sanitary Service Inc. is also equipped to perform Title V inspections, which are required by Massachusetts for homeowners who are selling their homes or refinancing.
