

## COMPANY PROFILE

# Brim's Imports Auto Salvage

[brimsimport.com](http://brimsimport.com)

## ABOUT

Brim's Imports started in October of 1956 as a family owned bicycle and motorcycle shop on Market Street in Kenton, Ohio. Since then, it has evolved over the years into a complete used car dealership and service center, and also includes a sixty acre salvage yard that specializes in late model car and truck parts. Not only will you find used cars at the dealership, but there is always a wide selection of used trucks, SUV's, vans, trailers, and even small equipment. If you're in the market for a motorcycle, there is a collection of over 400 vintage and classic museum quality motorcycles that will appeal to any motorcycle enthusiast.
