

COMPANY PROFILE

C. A. Rasmussen,

carasmussen.com**ABOUT**

C. A. Rasmussen Inc. is a Southern California-based general engineering contractor with over 50 years of experience in building roads, bridges, highways, and communities. Specializing in heavy construction, they tackle complex engineering challenges and have a diverse project portfolio including dams, railroads, and site development for public and private clients. As a family-run business for three generations, they uphold a tradition of safety, quality, and service.
