A B O U T

C.E.& E. Solutions is a Family owned and operated business out of Prattville, Alabama. Since Bobby was 13 years old he has been involved in the recycling business. Bobby was born in Niceville, Florida and worked with his father who owned and operated recycling centers. In 1989 Bobby moved to the River Region area and graduated from Carver High School. Working as a Union Electrician for 8 years and gaining his apprenticeship through the I.B.E.W. in Montgomery, Alabama Bobby became aware of the ever growing electrical waste problem that is becoming a world wide epidemic. Starting C.E. & E. Solutions for the Prattville and surrounding areas is a passion that Bobby hopes to turn his start-up business into a trusted E-Waste recycling center to help his local community become aware of the electrical waste epidemic that our city, state and country is facing. C. E. & E. Solutions Provides a Free, Environmentally Responsible Electronics Disposal Service for the South East. We are located in Prattville, Alabama near the State Capital and we provide free Electronics Recycling Services to Businesses. That's right, you give us a call, set up when and where you want us and just inform us of what you have and we will come and pick it up for free. This does not apply for Households, however if you have substantial amounts of material, we may consider it (This means you must either have enough to Fill the Bed of a Pick-up Truck or the majority of a 14' Trailer. We Provide Free Data Destruction, we have a Drill Press on site if you so choose and then we send all of our Hard Drives to a Shredder to be completely destroyed before smelting. We are A.D.E.M. Certified, Affiliated with PALS (People Against a Littered State) and are on the City Recycling Committee. Data Destruction is a Big Deal and we try to make Data Destruction one of our Top Priorities as we deal with Government and School Data. We have all Hard Drives pulled from Laptops and PC's (Personal Computers) and have them sent to a Shredder to be permanently destroyed before going to a smelter to be recycled. At your discretion we can provide Data Destruction with a Drill Press or you can take them to be

Vigorously wiped of all Data at a Computer Repair Location of your choice. Certain Repair Places may charge you a service fee for wiping a Hard Drive but their is no charge for having it drilled by us.
