

COMPANY PROFILE

Carpet Cycle

carpetcycle.com

ABOUT

CarpetCycle is a leading carpet recycling company that specializes in closing the recycling loop by collecting and recycling carpet tile, ceiling tile, padding, and broadloom carpet. They are known for their innovative recycled acoustic insulation product, Quiet Tech, and are committed to reducing waste and conserving energy through sustainable practices. With a focus on environmental responsibility and creating green jobs, CarpetCycle is a regional leader in post-consumer carpet collection and recycling, making a significant impact on both the environment and the economy.
