

COMPANY PROFILE

Central Crushed Concrete

centralcrushed.com

ABOUT

Central Crushed Concrete (CCC) is the premier recycler of concrete in Central Texas. We accept delivery of recyclable concrete rubble at our various Recycling Facilities, where the material is processed and reintroduced back into the market as a usable aggregate material. Central Crushed Concrete has the capability to service the entire Central Texas region, whether it be from disposal of concrete rubble at one of our Recycling Facilities, on-site crushing with our Mobile Crushing equipment.
