ABOUT

Rural Garbage Service has been the leader in the waste management industry since 1973 in Forsyth County, North Carolina. Our number one care has always been our customers! The goal is to provide reliable and efficient garbage collection services to rural areas. We offer both basic and upgraded service options to meet the specific needs of our customers. In case of inclement weather, we have a dedicated schedule to ensure uninterrupted service. Additionally, we have a holiday schedule to accommodate any changes in collection days. At Rural Garbage Service, we are committed to keeping our communities clean and providing exceptional customer service.
