## ABOUT

Founded in 1992, CompuWorks delivers customized best practice solutions for every aspect of the Surplus Asset value chain. We deliver seamless recycling and repurposing of end of life and out of use equipment that is no longer of service to our clients. CompuWorks provides certified and compliant secure computer disposal, data destruction and electronics recycling for all classes of equipment, including technology, telecommunications, medical and non-electronic equipment. For more than 21 years we have been surpassing the expectations of our clients who range from small businesses to the Fortune 500 and from federal, state and local government entities to K – 12 school systems, technical colleges, universities and hospital systems. Everything we do is centered on our core belief that it is critical to properly dispose of materials in compliance to organization, industry, local, state and federal regulations.
