ABOUT

Dorchester County Water Authority (DCWA) is a water utility company that provides reliable and safe water services to the residents of Dorchester County. They ensure the delivery of clean and potable water to homes, businesses, and industries in the area. DCWA also offers customer support services for any water-related emergencies and inquiries. Payments for water bills can be made conveniently online or by phone. For more information, customers can reach out to DCWA via email. DCWA is committed to providing efficient and sustainable water solutions for the community.
