

COMPANY PROFILE

Green Earth Computer Recycling Services

tnrecycle.comABOUT

Green Earth Computer Recycling Services is a Nashville based company that is dedicated to keeping outdated technology out of landfills. Our conveniently located drop off facility is just off Gallatin Road close to Briley Parkway. The well equipped warehouse and environmentally friendly staff ensure that no load is too big or too small. In consideration of our clients and their needs, we offer professional pick up services with prompt turn-around. To keep your company's data secure, we offer destruction services on hard drives and other storage devices. We recycle most e-waste free of charge when dropped off at our East Nashville location. The only exception are CRT monitors and televisions. Please call for the fee associated with CRT monitors and televisions.
