ABOUT

Demolition | Hammerlund Construction, Inc. was established in 1989 in Grand Rapids, MN by Tom Hammerlund Sr. At that time Tom Sr. began his journey with a dump truck and an excavator. In the early 1990's Tom Hammerlund Jr. became part owner working alongside his father. Underground Utilities, Municipal Street Construction, and Residential Development made up much of Hammerlund Construction, Inc.'s work load. From that time, Hammerlund Construction, Inc. has grown and developed into a full service General Contractor serving Northern Minnesota and much of the Iron Range. Today Hammerlund Construction provides services in Earthwork and Grading, Utilities, Cast-In-Place Concrete, Mining Support, Industrial Services, Demolition, Custom Hauling and Construction Management. At Hammerlund Construction, we strive for safety and excellence. It is our intent to provide our employees and customers with a safe work place. Our experienced Project Managers and Field Personnel provide professional service and innovative solutions. We pride ourselves on creating relationships with our clients whether in the public or private sector. We are willing to take on projects of any size or complexity. Utilizing our employees, equipment fleet, and progressive technology we can work together to provide cost effective solutions to fit your needs.
