## ABOUT

Hanna Paper Fibres is the largest high-grade paper recycling company in North America. They process over 400,000 tons of paper annually and have been helping clients generate maximum value for their waste paper since 1977. They offer custom-tailored waste paper recycling solutions and secure shredding services. Their commitment to award-winning customer service sets them apart, as they aim to put more money back into their clients' pockets.
