

COMPANY PROFILE

Illinois Recycling Services

illinoisrecyclingservices.com**ABOUT**

Illinois Recycling Services is a full service residential & B2B recycler. Specializing in TV recycling as well as scrap computers, appliances and all other electronics devices. Nationwide pickup service available with curbside residential services available in the Chicagoland area. Illinois Recycling Services has done the due diligence to build relationships with only the best end-of-life electronics recyclers so you and your company don't have to spend hours seeking out options. Our team is here to work for you. We work exclusively with R2 RIOS Certified vendors assuring your company's obsolete electronics will be managed using a compliant, environmentally correct method of disposal.
