## ABOUT

The Kennebec Water District (KWD) is a quasi municipal corporation that was founded in 1899. It serves municipalities in both Kennebec and Somerset Counties. KWD produces and distributes safe, high-quality water for domestic and commercial uses. The company recently posted a job opening for a Distribution Technician. The KWD Board of Trustees and the Maine Public Utilities Commission have approved revisions to the company's Terms and Conditions of service, which went into effect on January 3, 2022. The changes include updated fees and modifications to metering and backflow procedures.
