ABOUT

Crane and Rigging Services York and Cumberland County, Maine Professional Crane and rigging services based in Portland Maine. Capable and trusted to handle a number of commercial and residential projects. We have a small fleet of well maintained cranes featuring the latest technology that can do all of the heavy lifting for you. Our services go beyond just providing crane services to our clients. From helping you create a plan of action for your project, choosing the right type of crane for the job, to operating it on site and everything else in between, we strive to make things as easy for you as possible. While Mayo Crane Services is still a smaller company with 2 cranes, we are able to provide
