We do all the loading and clean-up, so you don't have to! We take U out of junk! Founded in 2007, and owned and operated by Dave Preble and William Nevitt, Mass Junk operates in and around the Boston area. Our goal is to provide fast, friendly, affordable, and professional junk removal services. We take junk removal very seriously knowing that our professionalism and attention to detail will result in more satisfied customers. At the end of the any job we want the customer to feel that MassJunk.com has exceeded their highest expectations and would recommend or use MassJunk.com in the future. Unlike most trash removal services, we do not just take your junk to the dump. We recycle paper, plastics, metals, and other materials that can be broken down and recycled. If recycling is not an option we will take your items to donate such as furniture, clothing, electronics, vehicles, in good condition to one of our many charitable organizations. No matter what type of business you're in, from Property Management to Restoration and Renovation, Real Estate to Foreclosures, Retail Stores and more, we can help you. Whether you have a few unwanted items or you need an entire office, apartment or house cleaned out, no job is too big or too small. Give us a call seven days a week! And

yes we can probably do it so just ask. If we can't we'll point you in the right direction. Call us today at (781) 760-9871. We will send a two person uniformed team to provide you with a no-obligation estimate. If you are satisfied, our team will begin loading. We charge by the volume and rates include pickup, cleanup, disposal fees, and labor. It does not matter whether you have a single item or a large load – you only pay for the space used in the truck. (There is a minimum load charge.) We will collect and haul away almost any junk and debris you ask us to, provided it is non-hazardous. This includes construction and renovation debris, household junk, yard waste, appliances, furniture and more. We don't remove hazardous materials, such as chemicals, solvents, oils, asbestos, oil drums, propane tanks, and toxic waste. We can remove paint, but disposal fees may apply. We are not a franchise and do not pass on these costs to you. We give fair and accurate prices. However, without actually seeing your junk or debris it is difficult to give you an accurate estimate over the phone. We can, however, give you a rough phone estimate based on the information you provide to us. Our pricing is partly based on the type of material to be removed. We recommend that you allow us to come out and visit so we can look at your junk and debris situation so we can give you the most accurate estimate. Our services are satisfaction guaranteed. We will match or beat any competitor's advertised price. No matter the type of business you have, our professional and efficient MassJunk.com team can help you with all your junk removal needs. Whether you have a few unwanted items or you need an entire office cleaned out, no commercial job is too big or too small. We provide junk removal services to many different types of business such as restaurants, property management, real estate and retail. If you own a business and need to get rid of junk, we can help.
