

COMPANY PROFILE

Metal recycling Haanpää

metallinkierratys.com**A B O U T**

Our company has new and first-class equipment. Our collection equipment meets the prescribed emission standards. Our equipment also includes a Taurus baler. We collect all steel and scrap metal for recycling. In the best years, we supply up to more than 10,000 tons of refined steel and metal scrap to domestic steel mills. We take responsibility seriously: we always act reliably and in compliance with all regulations. We are a family business with a history of metal recycling as early as 1966. Our company has the necessary permits and our collection equipment meets the emission standards required by the industry. All ferrous and non-ferrous metals are weighed at our site with approved horizontal equipment (3 tn and 50 tn).
