

COMPANY PROFILE

Millennium Tank Maintenance

mtmtanks.com

ABOUT

Millennium Tank Maintenance, located in Queens, offers a range of services including tank and boiler cleaning, removal, installations, repair, and testing in NY. Specializing in underground and aboveground storage tanks, they ensure compliance with mandatory annual tank testing. Additionally, they provide a Welder Apprenticeship program at Millennium Trade School. Committed to top-notch service, they prioritize environmental protection against petroleum spills and contamination incidents.
